

Outdoor flying parachute

Equipment you need

- Green recycle bag
- Ribbon or string
- Tape
- Scissors
- Blue tac
- Paper straws

Method

1. Cut recycle bag into a square using scissors.
2. Place a piece of tape on each corner
3. Pierce each corner with a pencil
4. Place four equal lengths of ribbon or string through the corner holes and tie
5. Place the paper straws in a cross shape and tape
6. Bring all the lengths of ribbon together and place a large piece of blue tac at the end.
7. Throw in the air and watch your parachute fly.
