INTERNAL AUDIT CHARTER

Definition, Objective and Scope of Internal Audit

1. Internal Audit is an independent and objective assurance and consulting activity that is guided by its mission to enhance and protect organisational value by providing risk based and objective assurance, advice and insight.
2. It assists Cardiff Council in accomplishing its objectives by bringing a systematic and disciplined approach to evaluate and improve the effectiveness of the organisation's full control environment in respect of risk management, control and governance processes.

Role and Professionalism

3. The internal audit activity is established by the Governance and Audit Committee. The internal audit activity's responsibilities are defined by the Governance and Audit Committee as part of their oversight role.
4. A professional, independent and objective Internal Audit service is one of the key elements of good governance in Local Government. Cardiff Council's Internal Audit Section seeks to be compliant with the Public Sector Internal Audit Standards and the Local Government Application Note (LGAN), which forms a foundation for an effective Internal Audit service and encompasses the mandatory elements of the Institute of Internal Auditors (IIA) International Professional Practices Framework (IPPF). Through compliance with these standards, all members of the section adhere to the Code of Ethics stipulated within the Standards. This mandatory guidance constitutes principles of the fundamental requirements for the professional practice of internal auditing and for evaluating the effectiveness of the internal audit activity's performance.
5. The Code of Ethics is set out in further detail in Appendix A and works in alignment with the Council's code of professional conduct. The internal audit activity will adhere to Cardiff Council's relevant policies and procedures, and the internal audit activity's protocol. The Core Principles through which the Internal Audit service is delivered are included in Appendix B which, taken as a whole, articulate internal audit effectiveness.

Authority

6. The internal audit activity with strict accountability for confidentiality and safeguarding records and information, is authorised full, free, and unrestricted access to any and all of the organisation's records, physical properties, and personnel pertinent to carrying out an engagement. All employees are required to assist the internal audit activity in fulfilling its roles and responsibilities. The internal audit activity will also have free and unrestricted access to the Governance and Audit Committee.

Organisation

7. The Audit Manager will report functionally to the Governance and Audit Committee and administratively to the Head of Finance (Deputy Section 151 Officer).
8. The Governance and Audit Committee will receive and consider reports regarding the performance evaluation of the Internal Audit function.
9. The Governance and Audit Committee will approve the internal Audit Charter, the risk based internal audit plan and receive communications from the Audit Manager on the internal audit activity's performance relative to its plan and other matters. The Audit Manager is delegated the authority to make in-year changes to the internal audit plan and approve audit engagements of no more than 10 planned audit days without seeking approval from the Governance and Audit Committee. The Audit Manager will use the audit resources available to deliver the audit plan and buy-in additional resources as required.
10. Management will notify the Audit Manager immediately, in accordance with the Council's Financial Procedure Rules and related policies, of suspected breach, theft or loss of Council assets, and any suspected or detected fraud, corruption or impropriety.
11. The resources allocated to the Internal Audit activity are outlined in Appendix C, in conjunction with the reporting arrangements.

Independence and Objectivity

12. The internal audit activity will remain free from interference by any element in the organisation including matters of audit selection, scope, procedures, frequency, timing, or report content, to permit maintenance of a necessary, independent, and objective mental attitude.
13. The Audit Manager oversees the Investigation and Internal Audit teams. In any case where the Audit Manager has, or is expected to have, roles and / or responsibilities that fall outside of internal auditing, safeguards will be established to maintain independence and objectivity.
14. Internal auditors will have no direct operational responsibility or authority over any of the activities audited. Accordingly, they will not implement internal controls, develop procedures, install systems, prepare records or engage in any other activity that may impair internal auditor's judgement.
15. Internal auditors must exhibit the highest level of professional objectivity in gathering, evaluating and communicating information about the activity or process being examined. Internal auditors must make a balanced assessment of all the relevant circumstances and not be unduly influenced by their own interests or by others in forming judgements.

16. Auditors will complete, on an annual basis, a Declaration of Interests form and submit it to the Audit Manager for review and authorisation. Any declarations will be used to ensure that there are no conflicts of interest in the audits allocated and to demonstrate transparency. The Group Auditor will not allocate audits to officers where potential conflicts have been identified.
17. The Audit Manager will confirm to the Governance and Audit Committee at least annually the organisational independence of the internal audit activity.

Responsibility

18. The scope of internal auditing encompasses, but is not limited to, the examination and evaluation of the adequacy and effectiveness of the organisation's governance, risk management and internal control processes in relation to the organisation's defined goals and objectives. Internal control objectives considered by internal audit include:
 - Consistency of operations or programmes with established objectives and goals and effective performance
 - Effectiveness and efficiency of operations and employment of resources
 - Compliance with significant policies, plans, procedures, laws and regulations
 - Reliability and integrity of management and financial information processes including the means to identify, measure, classify and report such information
 - Safeguarding of assets.
19. Internal Audit is responsible for evaluating all processes of the Council, including governance processes and risk management processes. It also assists the Governance and Audit Committee in evaluating the quality of performance of external auditors and maintains a proper degree of coordination with external audit.
20. Internal audit may perform consulting and advisory services related to governance, risk management and control, as appropriate for the Council. It may also evaluate specific operations at the request of Governance and Audit Committee or management as appropriate.
21. When notified of suspected fraud, corruption or impropriety, the Audit Manager will take appropriate actions in line with the Council's Fraud, Bribery and Corruption Policy for the matter to be properly investigated.
22. Based on its activity, Internal Audit is responsible for reporting significant risk exposures and control issues identified to the Governance and Audit Committee and senior management including fraud risks, governance issues and other matters needed or required.

23. The Governance and Audit Committee has a Terms of Reference, which defines the area in which it operates. The Terms of Reference have been revised in light of changes introduced by the Local Government and Elections (Wales) Act 2021, and amended draft Terms of Reference are set out in Appendix D (subject to approval of full Council). The Terms of Reference are reviewed on a periodic basis.

Internal Audit Plan

24. At least annually, the Audit Manager will submit to the Governance and Audit Committee an internal audit plan for review and approval including risk assessment criteria. The internal audit plan will include resource requirements for the next financial year. The Audit Manager will communicate the impact of resource limitations and significant interim changes to senior management and the Governance and Audit Committee.

25. The internal audit plan will be developed based on a prioritisation of all auditable areas using a risk-based methodology including input of senior management and Governance and Audit Committee. Prior to submission to the Governance and Audit Committee for approval, the plan may be discussed with appropriate senior management. Any significant deviation from the approved internal audit plan will be communicated through the periodic activity reporting process.

Reporting and Monitoring

26. An audit output will be prepared and issued by the Audit Manager following the conclusion of each internal audit engagement and will be distributed as appropriate. Internal audit results will be communicated to the Governance and Audit Committee in accordance with the Audit Protocol, and on a basis which reflects the significance of findings.

27. The audit output may include management's response and corrective action taken or to be taken in regard to the specific findings and recommendations. Management's response, whether included within the original audit output or provided thereafter by management of the audited area will include a timetable for anticipate completion of action to be taken and an explanation for any corrective action that will not be implemented.

28. The internal audit activity will be responsible for appropriate follow up on engagement findings and recommendations. All significant findings will remain in an open issues file until cleared.

Quality Assurance and Improvement Programme - QAIP

29. The internal audit activity will maintain a Quality Assurance and Improvement Programme that covers all aspects of the internal audit activity. The programme will include an evaluation of the internal audit activity's conformance with the Public Sector Internal Audit standards, encompassing all mandatory elements of the IPPF, including an evaluation of whether internal auditors apply the Code of Ethics. The programme also assesses the efficiency of the internal audit activity and identifies opportunities for improvement.

30. The Audit Manager is responsible upholding the Audit Charter, for ongoing assurance to senior management and Governance and Audit Committee on conformance with the Code of Ethics and the Standards, and for reporting audit performance, critical findings and trends in respect of the audit plan.
31. The Audit Manager will communicate to senior management and Governance and Audit Committee on the internal audit activity's quality assurance and improvement programme, comprising the results of:
- ongoing internal quality assurance reviews,
 - annual assessments against the Local Government Application Note,
 - external assessments conducted at least every five years.
32. Action taken to ensure that the Quality Assurance and Improvement Programme is effective is set out in Appendix E. It is supplemented by the Audit Protocol, which provides an outline of the audit process from planning to reporting, as contained in Appendix F.

CODE OF ETHICS

Public Sector Requirement

Internal Auditors in UK public sector organisations must conform to the Code of Ethics as set out below. If individual Internal Auditors have membership of another professional body then he or she must also comply with the relevant requirements of that organisation.

The purpose of the Institute's Code of Ethics is to promote an ethical culture in the profession of Internal Auditing. A code of ethics is necessary and appropriate for the profession of Internal Auditing, founded as it is on the trust placed in its objective assurance about risk management, control and governance.

The Institute's Code of Ethics extends beyond the definition of Internal Auditing to include two essential components:

The Code of Ethics provides guidance to Internal Auditors serving others. 'Internal Auditors' refers to Institute members and those who provide Internal Auditing services within the definition of Internal Auditing.

Applicability and Enforcement

This Code of Ethics applies to both individuals and entities that provide Internal Auditing services. For Institute members, breaches of the Code of Ethics will be evaluated and administered according to the Institute's Disciplinary Procedures. QUALITY ASSURANCE AND IMPROVEMENT PROGRAMME (QAIP)

A Quality Assurance and Improvement Programme (standard 1300) is designed to enable an evaluation of the Internal Audit section's conformance with the Standards and an evaluation of whether internal auditors apply the Code of Ethics.

The programme also assesses the efficiency and effectiveness of the internal audit activity and is used to identify and deliver opportunities for improvement.

Key principles of the QAIP:

- The Audit Manager has established a system of ongoing monitoring of conformance with the standards and the Code of Ethics as part of each audit engagement, and a system of periodic review and reporting.
- Regular periodic reports and an Annual Internal Audit Report are presented to the Section 151 Officer and to the Governance and Audit Committee.
- There is a commitment to undergoing an external inspection on conformance to PSIAS every five years.

To support the delivery of an efficient and effective service:

- Each Directorate has a relationship manager with whom they hold regular meetings to discuss risks and emerging issues, progress against and development of the audit plan, and audit outcomes and feedback.
- The Audit Manager has regular contact with the Governance and Audit Committee Chair, Audit Wales, Senior Managers including the Chief Executive and the Section 151 Officer, and peers within Welsh Local Authorities and the Core UK Cities.
- Benchmarking exercises are undertaken in order to assess performance against other comparable organisations and report on significant variances, with action plans developed and implemented where appropriate.
- Annual personal reviews include auditor assessments against a skills and competency framework, leading to development goals and targets.
- Quality assurance is delivered through monitoring and review processes at key stages within the audit, to ensure all relevant Codes of Practice and Standards are adhered to.
- All Auditors are required to comply with the Code of Ethics, any other professional standards for the associations to which they belong and the Council's Codes of Conduct.

QAIP - OPERATIONAL APPROACH

The QAIP is built around a performance management approach, which involves 'setting expectations', 'reviewing performance', and 'reporting performance' at individual auditor and team levels. The application of these control stages are summarised as follows.

<p>1. Setting expectations - With clear expectations in place, auditors can focus on delivery.</p>
<ul style="list-style-type: none">✓ Audit Allocation - Each auditor has a quarterly allocation of work, which is stretching but achievable. Auditors are responsible for delivering their allocation effectively and on time.✓ Scoping and Objectives – Each auditor has clear and documented objectives for each audit engagement, that they are responsible for delivering.✓ Audit 'Pit Stop' – When half of the audit time is used, a senior team member completes a short and sharp review of progress against the audit objectives. This can either result in assurance that the audit is being delivered effectively, or it leads to expectations being re-set, with actions developed for the auditor to conclude a high quality audit engagement on time.✓ Personal Reviews – Each year delivery, training and development goals and objectives are established for each auditor, in recognition of the individual and collective skills needed to deliver the risk-based plan effectively in the current and medium term.
<p>2. Reviewing Performance - Expectations are revisited in quality assurance and control reviews.</p>
<ul style="list-style-type: none">✓ Monitoring – Each auditor attends a monthly monitoring meeting, through which the delivery of their 'Audit Allocation' is reviewed, issues are identified and addressed.✓ Quality Assurance Review – Each audit is subject to a quality assurance review by a member of the audit management team, to ensure high quality delivery in accordance with the Code of Ethics and the Standards. The review considers the quality of evidence to support the audit 'Objectives', and the delivery of actions resulting from the audit 'Pit Stop'.✓ Post Audit Assessment – Upon conclusion of each audit, the auditor, and a senior team member review the auditor's performance against best practice technical and behavioural qualities. A client satisfaction survey is also used to identify the audit delivery and value from the client's perspective. Any development needs are identified and progressed.✓ Six Monthly Personal Review – Progress is measured against the objectives and targets in each Auditor's 'Personal Review', taking account of the findings and outcomes from the activities in the 'Reviewing Performance' control stage. It can lead to new objectives, targets and support.
<p>3. Reporting Performance - A range of performance measures are used for reporting and review.</p>
<ul style="list-style-type: none">○ Core performance measures relate to the audits delivered on time, client satisfaction, recommendations agreed / implemented, productivity and the delivery of personal objectives.○ Performance information is regularly monitored by the Audit Manager and is considered by the Finance Management Team and the Governance and Audit Committee on a quarterly basis.○ On an annual basis, the Audit Manager reviews and reports on the application and findings of the performance management Framework that underpins the QAIP to the Governance and Audit Committee. An external assessment of conformance with the PSIAS is completed and reported at least every five years.

QAIP – OPERATIONAL APPROACH (DIAGRAM)

The Audit Protocol provides an outline of the audit process from planning to reporting

PLANNING
 The Audit Plan sets the proposed audit coverage, based on a risk assessment. The plan is approved by the Governance and Audit Committee and is discussed with Directors.
 Auditors are allocated audit engagements from the plan. They research the audit area and meet the client to understand relevant strategies, objectives and risks. A risk assessment informs the audit objectives and approach.
Control Stage 1 (Audit Planning) – The risk assessment is reviewed by a member of the audit management team, and used to develop the audit terms of reference (TOR)
 The TOR is issued: it sets out the area/s under review, the objectives, approach and records required. The TOR is sent to the relevant management (Line Management, OM (and Director, where appropriate)). The audit fieldwork will commence as set out in the TOR.
 NB – For consultancy services, the guidance / support is planned with management directly, with the objectives documented for significant engagements. There will be regular dialogue with the reviewing manager throughout the audit, but only formal control stage 4 will apply (Post Audit Review).

FIELDWORK
 Normally pre-arranged to help minimise disruption. Any significant issues will be raised as soon as they are identified. The main findings will be discussed at the end of the visit (where applicable) or shortly afterwards.
Control Stage 2 (Audit Fieldwork) – An audit ‘pit-stop’ is held with the senior team member mid-way through the audit, as a quality assurance and progress check. A full quality assurance review is completed once fieldwork is completed and the draft audit opinion, output and recommendations are prepared.
 Once fieldwork has been completed, and a review undertaken, a decision will be made whether to issue a formal Report or an Action Plan, depending on the overall ‘Audit Opinion’.

REPORTING
 The audit output prepared depends on the audit opinion:
 ○ An Action Plan – For *Effective*, or *Effective with Opportunity for Improvement* audit opinions (where recommendations are raised);
 ○ A Report and Action Plan – for *Insufficient with Major Improvement Needed*, or *Unsatisfactory* audit opinions.
Control Stage 3 (Audit Reporting) – Where the audit opinion is *Insufficient with Major Improvement Needed*, or *Unsatisfactory*, the draft report will be considered by the Audit Management Team prior to being issued.
 Draft Reports / Action Plans are discussed with Client Manager and comments are considered in any Final Report / Action Plan. Management responses to audit recommendations are recorded in the Action Plan.
 Final Report or Action Plan is issued to the Director, OM/Line Manager and an opportunity to discuss the report, or provide comments is provided. Any recommendations not agreed are referred to the Director for consideration.
Control Stage 4 (Post Audit Review) – Upon conclusion of each audit, the auditor, and a senior team member review the auditor’s performance. A client satisfaction survey is used to identify the audit delivery and value from the client’s perspective. Development needs are progressed.
 The Audit Manager reports the summary findings of Insufficient and Unsatisfactory Reports to the Chief Executive and the Governance and Audit Committee. For all *Unsatisfactory* Reports, an Executive Summary is prepared, discussed with the Chief Executive and Section 151 Officer, reported to the relevant Portfolio Cabinet Member(s) and the Governance and Audit Committee.

RESPONSE
 Recommendations are added to the ‘Recommendation Tracker’ in SharePoint, through which management provide progress updates and submit evidence of delivering agreed actions. All red and red/amber rated recommendations require evidence of completion in order to be closed. The recommendation tracker is reported as part of each progress report to Governance and Audit Committee meetings, and is discussed in Director Relationship Manager Meetings.
 All Unsatisfactory Audit Opinion Reports will be scheduled for an audit follow-up six months after the audit conclusion.
