1. INTRODUCTION FROM THE LEADER

Bilingual Cardiff was first launched in 2017 and the Bilingual Cardiff Strategy for 2022-27 represents our first revision of Cardiff Council's 5-year plan to promote and support the Welsh language in Wales' capital city.

This revision will build on the excellent work completed by the Bilingual Cardiff Forum partners in the initial 5-year term and presents a number of ambitious and far-reaching actions and outcomes to further consolidate and develop the language's growth.

The Welsh language has always been part of Cardiff's history. It is an integral aspect of the city's identity, a distinct part of its history and provides a markedly different flavour to our diverse and multi-cultural city.

The language's sustained growth since the last decades of the 20th century however has worked to re-establish Welsh in Cardiff and it can now be heard spoken on the street and in the home, in school and in work, from Grangetown to Pontprennau and from Radyr to Splott.

Cardiff is now the local authority area with the third highest number of Welsh speakers in Wales and it is anticipated that it may be the first by the end of this strategy's term in 2027.

As leader of the Council and as a Welsh speaker it gives me great pride to see the communities of our capital city embrace the language and once again make it part of our common experience.

The most significant revision to the Bilingual Cardiff strategy for the next 5-year term is the adoption of the strategic themes presented as part of Cymraeg 2050, the Welsh Government's action plan to achieve a million Welsh speakers by 2050.

The three strategic themes are to increase the number of Welsh speakers, increase the use of Welsh, and to provide favourable conditions to support the language's growth.

The Bilingual Cardiff Strategy will support the Welsh Government's ambition and includes targets and actions to sustain the growth of the Welsh language in the city and meet Cymraeg 2050's goals.

The growth of the Welsh language in Cardiff has been supported by the expansion of Welsh-medium education.

The Bilingual Cardiff Strategy includes a number of targets to develop this provision and it will be implemented to support and facilitate the Council's new 10-year Welsh in Education Strategic Plan.

Both strategies have been prepared in tandem to ensure consistency of action and ambition and to provide every parent in Cardiff with the opportunity for their children to be educated in Welsh.

They also include actions and targets to increase the availability of Welsh language provision within English medium schools and to support the education workforce to teach Welsh as a subject and to teach other subjects through the medium of Welsh.

The Bilingual Cardiff Strategy includes ambitious and far-reaching actions and targets to support the use of Welsh within Cardiff's communities.

These include the establishment of a youth forum to deliver Welsh language events, promotion initiatives with minority and ethnically diverse communities, production of a newsletter detailing Welsh language employment opportunities and an information pack detailing Welsh language services for individuals and families moving to the city, and developing the Council's Welsh speaking workforce through training and recruitment.

These actions will support Cymraeg 2050 and allow the Council to move closer to its vision of Cardiff as a truly bilingual capital city.

Bilingual Cardiff 2022-27 represents an opportunity to grow the Welsh language and to promote its ownership for every citizen.

The Welsh language has always been part of our city's heritage and I welcome this ambitious strategy which provides the conditions required for it to prosper further in Wales' capital city.

2. OVERVIEW

The Welsh Language (Wales) Measure 2011 established a legal framework to impose duties on certain organisations to comply with standards in relation to the Welsh language by way of sub-legislation (Welsh Language Standards (No.1) Regulations 2015).

The standards issued to the City of Cardiff Council are listed in 'The City of Cardiff Council Compliance Notice – Section 44 Welsh Language (Wales) Measure 2011'.

Standard 145 requires the Council to produce and publish a five year strategy which sets out how we will promote and facilitate the use of Welsh.

This strategy will include a target to increase the number of Welsh speakers within Cardiff as well as specific actions to facilitate the use of the language to support the Welsh Government's Cymraeg 2050 vision to achieve a million Welsh speakers by 2050.

The first Bilingual Cardiff Strategy was put in place for 2017-2022 and this represents its first revision and will be operational for 2022-2027. It will be reviewed and approved by Cardiff Council's Cabinet and published by March 2022.

Welsh Language Standard 145 states:

You must produce, and publish on your website, a 5-year strategy that sets out how you propose to promote the Welsh language and to facilitate the use of the Welsh language more widely in your area; and the strategy must include (amongst other matters)

1. a target (in terms of the percentage of speakers in your area) for increasing or maintaining the number of Welsh speakers in your area by the end of the 5 year period concerned, and
2. a statement setting out how you intend to reach that target; and you must review the strategy and publish a revised version on your website within 5 years of publishing a strategy (or of publishing a revised strategy)

Mission Statement

Work with partners to double the number of Welsh speakers in Cardiff by 2050 through the Bilingual Cardiff Strategy, in line with Welsh Government's vision.

Vision

Our vision is to develop a truly bilingual Cardiff. A Cardiff where our citizens can live, work and play, as well as access services and support in Welsh or English equally.

A capital city where bilingualism is promoted as something completely natural, and where the Welsh language is protected and nurtured for future generations to use and enjoy.

Cardiff has been one of the fastest growing major cities in Britain, and this growth has had a positive impact on the Welsh language.

Over the last 25 years, the number of Welsh speakers in Cardiff has more than doubled with the latest census figures indicating that over 16% of the city's population have one or more skills in the Welsh language.

As the city grows our aim is to increase both the number and percentage of Welsh speakers and learners in Cardiff. We fully support and share the Welsh Government's vision for a million Welsh speakers by 2050.

In order for Cardiff to play its part in achieving this vision, we would need to increase the number of Welsh speakers (aged 3+) in Cardiff by 15.9%. Based on the projected number of Welsh speakers of 42,584 in the 2021 Census, this would require an increase to 49,355 in the 2031 Census.

In order to support the commitment to increase the number of Welsh speakers in line with the targets set by Cymraeg 2050, we will need to increase the number of Welsh speakers (aged 3+) in Cardiff by 3,386 during the lifetime of this Strategy 2022-27 and this is included as an objective in the action plan.

Our approach set out in this document is structured to reflect the strategic areas outlined in the Welsh Government's Cymraeg 2050 Welsh language strategy. Cymraeg 2050 is structured around 3 strategic areas which have been identified with the aim of increasing the use of Welsh.

The Bilingual Cardiff Strategy 2022-27 sets out our strategic priorities under each of these areas, and identifies the change that we will need to make to realise our vision of a bilingual Cardiff.

This is a strategy for the city as a whole, not for any one organisation. Delivering the strategy relies on partnership working between public sector partners, between the public, private and education sectors; and, most importantly of all, with the people of Cardiff.

The first Bilingual Cardiff Strategy has created valuable and productive relationships with partners across the city under the Bilingual Cardiff banner.

They include organisations such as Mudiad Meithrin, yr Urdd and Menter Caerdydd, higher and further education providers such as Cardiff University and Cardiff and Vale College, and cultural organisations such as the Wales Millennium Centre and Literature Wales.

The revised strategy for 2022-27 will deepen these relationships through the agreement and delivery of ambitious and wide-ranging outcomes and objectives as part of the Bilingual Cardiff action plan.

Bilingual Cardiff will also look to extend the partners network both in terms of representation for the citizens of Cardiff and through the inclusion of regional partners across the South East Wales region.

Supporting young people, families and communities to learn, speak, use and choose Welsh will also be at the heart of delivering our ambitions.

Recent years have seen a significant increase in the growth of Welsh medium education in the city with an ever increasing number of our children and young people now receiving their education in Welsh.

The education system and the Council's Welsh in Education Strategic Plan 2022-32 will play a key role in ensuring the future growth of the language as we aim to increase the number of children – and parents – who have the opportunity to learn and speak Welsh, and have opportunities to use the language outside the school gates.

4. CARDIFF'S LANGUAGE PROFILE

The city has seen a significant increase in the number and percentage of Welsh speakers, with numbers doubling in the 20 years between the 1991 and 2011 censuses.

The 2011 census statistics indicate that 16.2% of the population of Cardiff have one or more skills in the Welsh language (ability to read, write or/and understand Welsh), and 36,735 or 11.1% of the county's population are Welsh speakers.

The number of Welsh speakers is projected to be 42,584 in 2021¹. This projection will be validated, and all related targets revised as necessary, following publication of the 2021 Census data.

Cardiff has experienced a consistent rise in both the number and percentage of Welsh speakers over the last 30 years and is currently the local authority with the third highest number³ of Welsh speakers in Wales.

The concentration of Welsh speakers across the city's electoral wards ranges from 7-9% in areas such as Llanrumney, Adamsdown and Butetown to 17-19% in Creigiau / St. Fagans, Pentyrch and Canton⁴. It is anticipated that the 2021 Census results will demonstrate a sustained increase in both the number and percentage of Welsh speakers across the city of Cardiff.

Comparison in the number and percentage of Welsh speakers between 1991 and 2021:

CARDIFF			
1991	2001	2011	2021 (projected)
18,071 (6.6%)	32,504 (11%)	36,735 (11.1%)	42,584 (11.6%) ²

1. Based on the Welsh Government's Annual Population Survey and Local Authority Profile Data.

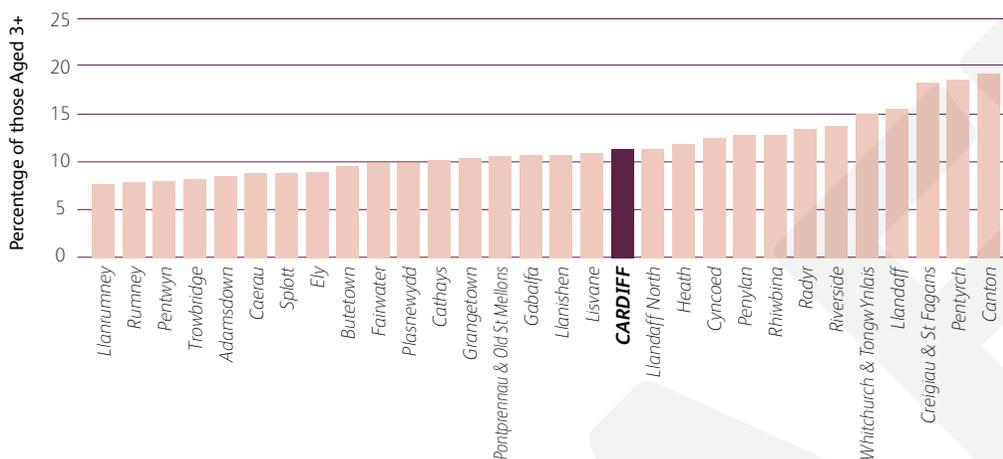

2. Based on WG's projected population for Cardiff in 2021 (365,317)

3. Annual Population Survey

4. 2011 Census data.

Percentage of Population Aged 3+ able to speak Welsh, 2011 (Census)

Number of students enrolled in Welsh medium education 2004/5 – 2027 (projected)

The growth in the number of Welsh speakers in Cardiff has been driven by two well documented trends:

1. A significant number of Welsh speakers have migrated to Cardiff since the 1980s.
2. The expansion of Welsh medium primary and secondary education driven by policy, practice and the commitment of parents and teaching staff.⁵

The projected number of pupils takes account of the most recent data for take up of places provided by the Pupil Level Annual School Census (PLASC) in the last three years. The projected numbers begin to fall from January 2024 due to a

reduction in the birth rate and the consequent reduction in the numbers entering primary schools.

The city has three Welsh medium secondary schools, and seventeen Welsh primary schools (of which two are dual stream primary schools). The most recent numbers on roll data confirmed 4707 pupils in attendance at primary level, and 2756 aged 11-16 years at secondary level (April 2021).

5. POLICY CONTEXT

The production, publication and implementation of a five-year strategy to promote the Welsh language is a statutory requirement derived from the Welsh language standards (No.1) Regulations 2015.

The Bilingual Cardiff Strategy for 2022-27 represents both a revision and continuation of the first Bilingual Cardiff Strategy (2017-2022) and builds upon work undertaken in Cardiff to meet the needs of the city's Welsh speakers, learners and communities.

In addition this Strategy provides a core foundation in meeting the 'well-being' goal - A Wales of vibrant culture and thriving Welsh language – in accordance with the Well-being of Future Generations (Wales) Act 2015.

The following section sets out the statutory and policy framework within which this new strategy sits:

Welsh Language (No.1) Regulation Standards 2015

The Welsh Language (Wales) Measure 2011 established a legal framework to impose a statutory on public bodies in Wales to comply with standards of conduct with regard to the Welsh language. Cardiff Council has implemented these standards since March 2016.

The standards to ensure that:

- the people of Wales have a legal right to use the Welsh language;
- the Welsh language is not treated less favourably than the English language; and
- the use of the language is promoted and facilitated in all aspects of the Council's work and service delivery.

The Welsh language standards replaced the system of Welsh language schemes presented by the 1993 Welsh Language Act and the Council has a statutory duty to produce and publish an annual report detailing their implementation.

The Well-being of Future Generations (Wales) Act 2015

This Act aims to improve the social, economic, environmental and cultural well-being of Wales. The Act will make the public bodies listed in the Act think more about the long term, work better with people and communities and each other, look to prevent problems and take a more joined-up approach. One of the seven Well-being goals listed in the Act is “A Wales of vibrant culture and thriving Welsh language”.

Cymraeg 2050

Published in 2017 this is the Welsh Government’s vision of achieving a million Welsh speakers by the year 2050. It introduces three core themes which will facilitate the achievement of this ambition:

- Increasing the number of Welsh speakers
- Increasing the use of Welsh
- Creating favourable conditions – infrastructure and context

The Bilingual Cardiff Strategy details Cardiff Council’s commitment and objectives to support the Welsh Government’s vision and its action plan follows the three themes noted above.

Delivering Ambition: Cardiff Council’s Corporate Plan 2020-22 & Cardiff Wellbeing Plan 2018-2022

Delivering Capital Ambition, the Council’s Corporate Plan, sets out how the Administration’s priorities for Cardiff will be

achieved, providing clarity on what will be delivered, and by when. Capital Ambition identifies four priorities:

- Working for Cardiff: Making sure that all our citizens can contribute to, and benefit from, the city’s success.
- Working for Wales: A successful Wales needs a successful capital city.
- Working for the Future: Managing the city’s growth in a sustainable way.
- Working for Public Services: Making sure our public services are delivered efficiently, effectively and sustainably in the face of the rising demand and reducing budgets

The Cardiff Well-being Plan sets out the Cardiff Public Sector Boards’ priorities for action over the next 5 years, and beyond. The plan focuses on the areas of public service delivery which fundamentally require partnership working between the city’s public and community services, and with the citizens of Cardiff.

The City Of Cardiff Council: Welsh in Education Strategic Plan 2022-2032

The Welsh Education Strategic Plan (WESP) is prepared under Section 84 of The School Standard and Organisation (Wales) Act 2013 and complies with the Welsh in Education Strategic Plans (Wales) Regulations 2019. They place a statutory requirement on local authorities to prepare and deliver a Welsh in Education Strategic Plan (WESP). The Act enables Welsh Ministers to approve the Plan submitted, approve the Plan with

modifications or reject the Plan and require the authority to prepare another. The WESP focuses on the targets in the Welsh Medium Education Strategy and local authorities are expected to report annually on performance against these targets.

Cardiff Council are currently consulting on a revised 10-year Welsh in Education Plan (WESP) for 2022-2032. The consultation and publication timetables for both the Bilingual Cardiff Strategy and the WESP have been harmonised to facilitate the inclusion of mutual objectives and outcomes in both strategic plans. THE WESP will be published in January 2022.

The commitments made in the Bilingual Cardiff Strategy to increase the number of Welsh speakers in Cardiff may only be achieved through the increases in Welsh medium education proposed in the WESP and therefore it is appropriate for both strategic plans to be produced and agreed concurrently.

Cardiff 2030

This is Cardiff Council's vision for education and builds on extensive engagement and consultation with school leaders, governors, wider educators, partners and stakeholders, together with many children and young people, between January and July 2019.

It sets out to consolidate the gains made under Cardiff 2020 but also marks out a broader scope and greater ambition for learning in Cardiff for the future. This embraces learning beyond formal statutory schooling, and looks to strengthen the place of schools in relation to learning throughout the city more broadly.

Under five key goals it shapes, at a high level, the actions that we believe will be needed to realise our ambitions for education in Cardiff to 2030. The actions to achieve these goals will be based firmly on the two key themes of shared responsibility and partnership, and on the recognition of children and young people's rights in all that we do.

Child Friendly Cardiff

Cardiff is the first city in Wales to participate in the UK committee for UNICEF's national Child Friendly Cities and Communities initiative. The ambition is for Cardiff to be recognised as a Child Friendly City: a city with children and young people at its heart, where the rights of children and young people are respected by all, a great place to grow up.

Cardiff Council will work together with its partners to create a city where all children and young people can share their voice and have an input on decisions being made that will affect them.

6. WORKING WITH PARTNERS

The first 5 year Bilingual Cardiff Strategy was launched in 2017. The strategy established the principle of partnership working with partners and stakeholders across the city.

This 5 year strategy for 2022-27 builds on these established and productive relationships to support and fulfil our shared vision of a truly bilingual city.

The Bilingual Cardiff Forum, which includes representation from the Bilingual Cardiff partners, undertakes the role of implementing and monitoring this strategy on behalf of their organisations, whilst the Bilingual Cardiff team leads on facilitating the Strategy from the Council's perspective as well as reporting progress to the Welsh Language Commissioner as part of the Council's Welsh Language Standards Annual Report. Please see **Appendix II** for further information on Bilingual Cardiff's lead partners.

The organisations comprising the Bilingual Cardiff Forum have also contributed to the Council's work and a number of partners have presented relevant projects or their organisations contribution towards the implementation of the Bilingual Cardiff Strategy Action Plan to the Bilingual Cardiff Working Group.

The Working Group is a cross-party representative group of Cardiff Council councillors who provide an overview of the implementation of the Bilingual Cardiff Strategy and its supporting action plan.
