

Make your own Silly Squad house

(or ship..... or circus tent..... or jungle)

The Silly Squad pop up in all sorts of places so why not make your own Silly Squad scene?

Here we show you how to make a house for them but you can make any backdrop..

You will need:

- Cardboard box (if you want it 3D) or a piece of stiff card
- Sheet of coloured or patterned paper (old wallpaper is perfect)
- Paint, coloured pens or pencils or crayons to decorate the box or card
- Stanley knife or scissors (you will need an adult for this bit)
- Printer to print our Silly squad characters (or draw them yourself)
- Glue and sticky tape
- Lolly sticks if you want the characters to move.

Make your own Silly Squad house

Step by Step Instructions

1. If using a cardboard box you can decorate and cut windows and doors on several sides. For this example we are just using a single piece of cardboard.
2. Draw a door and windows on your card. With an adult's help, cut out the windows and cut one side and top of the door so it can be opened and closed.
3. Decorate your house with paint, crayons or felt tips and add flowers around the door. You can make paper or fabric curtains to stick to the back of the windows if you like. Be as creative as you want.
4. Print or draw your silly squad characters and carefully cut them out.
5. If you want to move your characters then you can stick a lollypop stick to the back and stiffen with a piece of card then you just move them around. If not, place them in your windows and doors (& out the chimney if you add one)
6. When you know where you want them positioned stick them onto the patterned or coloured card then glue the edges of the paper to the cardboard front .
7. You can use this as a background to stick your SRC stickers on, you can move your characters around and you can add more flowers as the summer goes on.
