

## **Consultation Report**

### **Western Avenue / Excelsior Road - Road Safety Improvements**

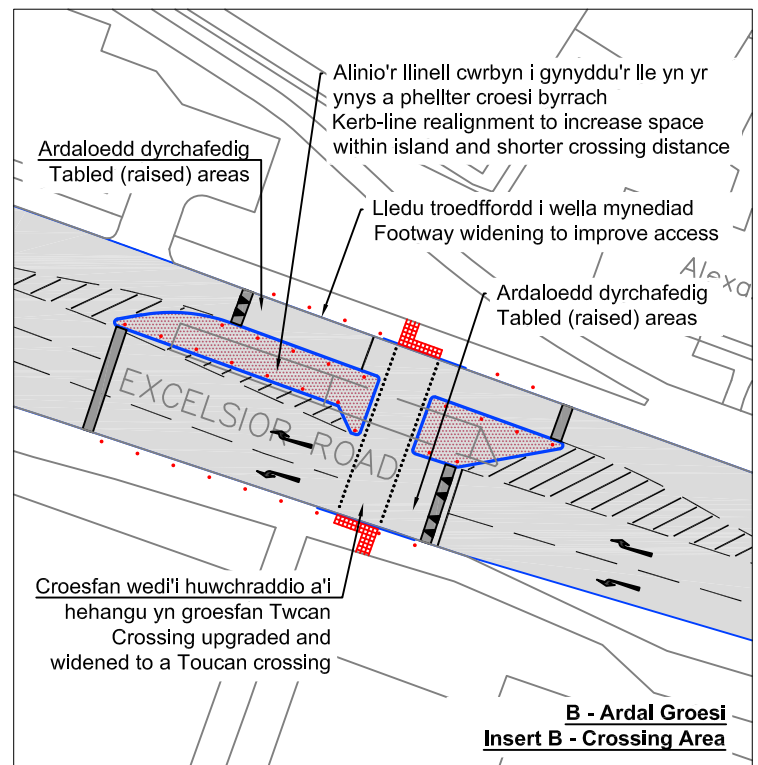

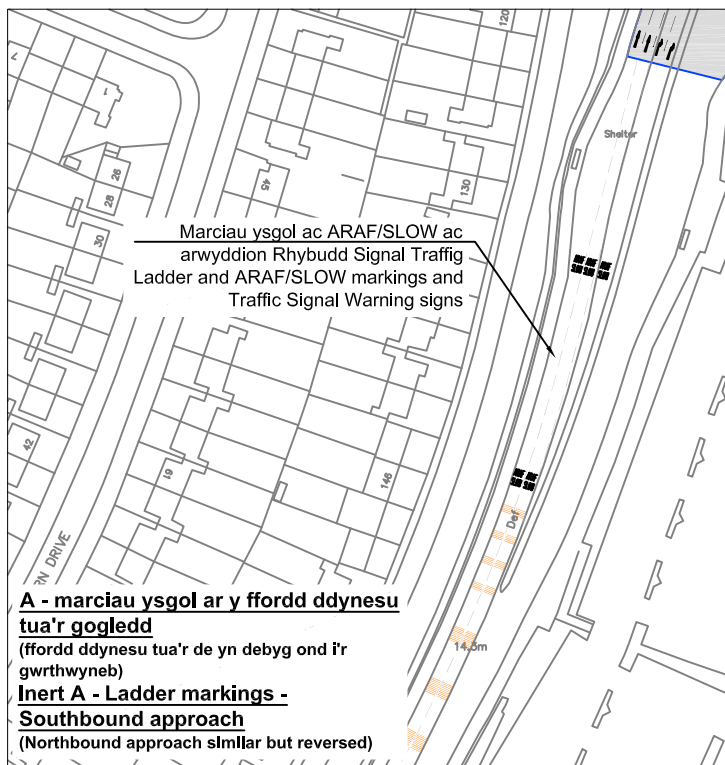

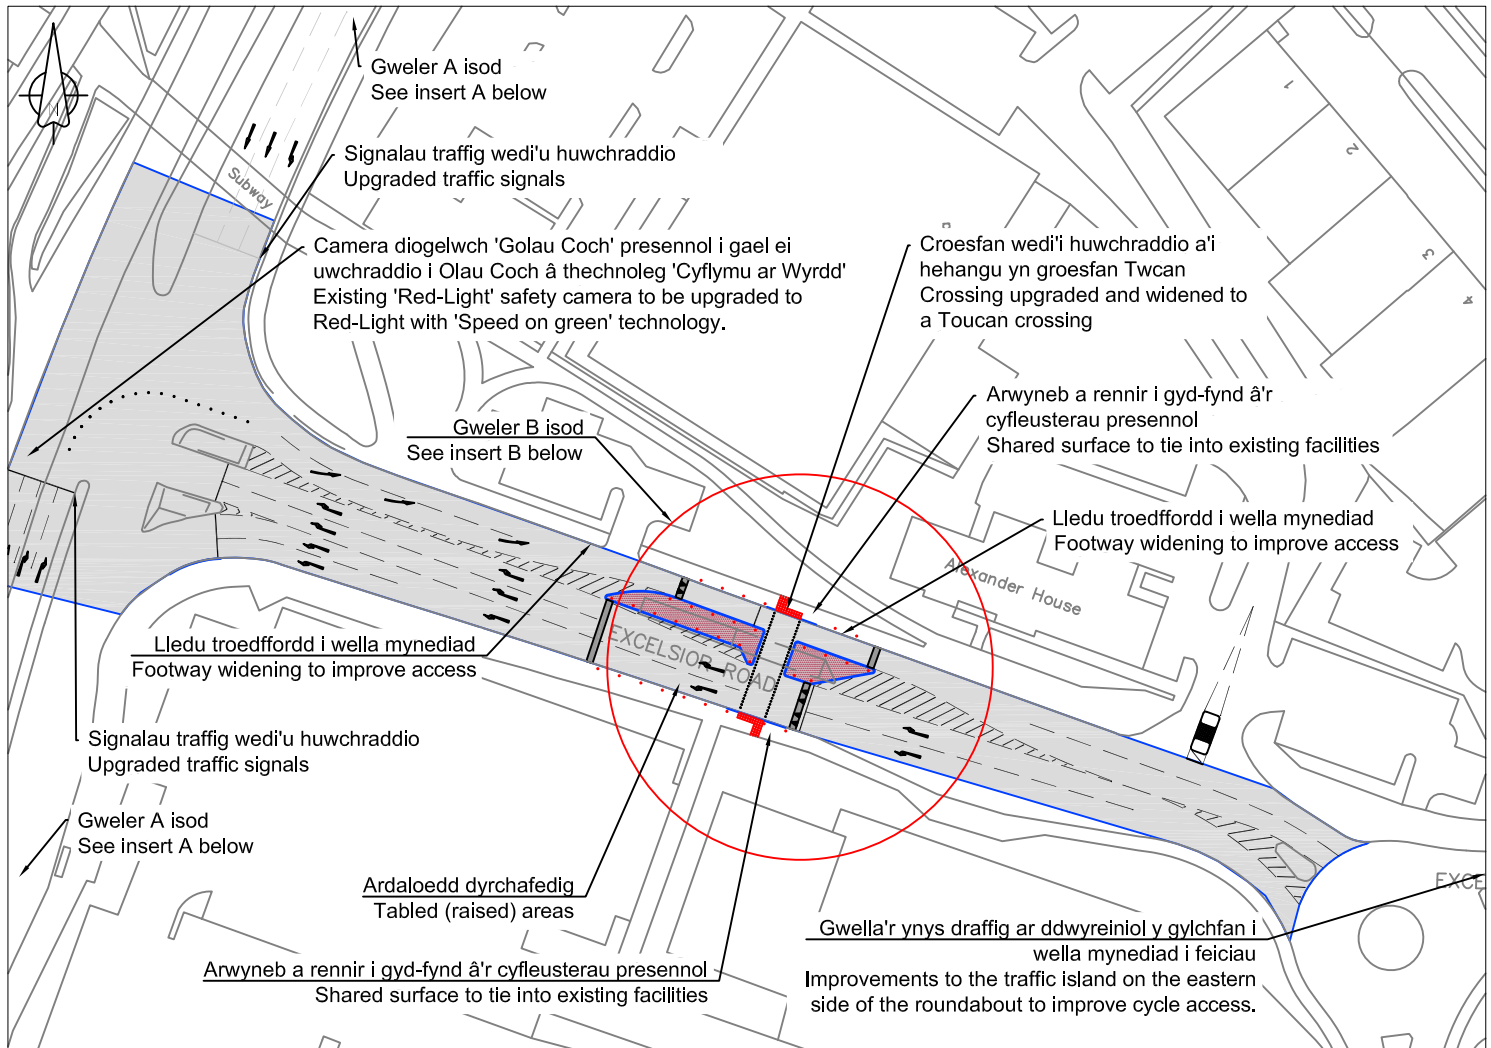

**Project No:** CO17033

A consultation was held on the above scheme proposals between 14/12/2017 and 29/12/2017. No responses were received from the public.

During this consultation period, potential improvements have been identified as part of a Section 106 agreement for a development site in close proximity to this proposed scheme. The improvements identified include the widening of the footway on the northern side of Excelsior Road and improvements to the traffic island on the eastern arm of the adjacent roundabout. These additional measures will improve access along the existing cycle route on Excelsior Road. It is intended that these additional improvements will be included and developed as part of the detailed design of this scheme.

On this basis it is intended to proceed with the proposal as per the consultation plan.
