Pentyrch: Main Road near Ynys Bridge: Pedestrian Facilities

Consultation Report

Project No: CO18181

A consultation was held on the above scheme proposals between 8th March 2019 and 29th April 2019. 1 response was received during this period. The concerns and comments are summarised as below, along with the Council's response.

Recommendation

In view of the below report, it is proposed to proceed with the implementation of the scheme, subject to available funding.

Issue 1 - signage

"reassurance that adequate signage will warn motorists for the changes and a new zebra crossing at a roundabout".

Response

We can confirm that signage will be provided in advance of the zebra crossing to raise awareness of the changes in the road layout.

Issue 2 – zebra crossing

"The new zebra crossing is described as 'controlled' - does this mean there will be lights?"

Response

A zebra crossing is classed as a 'controlled' crossing, similar to a puffin or toucan crossing, in that a pedestrian has priority over the traffic flow and therefore is deemed to 'control' the crossing. As this is a zebra crossing, the standard belisha beacon arrangement will be provided.
