

CO16385 Ysgol-Y-Wern –S106 Bollard Scheme (CO16385)

Description of Scheme Proposal

Concerns have been received from Local Ward Members and members of the public regarding road safety in the vicinity of Ysgol-y-Wern Primary School in Llangranog Road, Llanishen, Cardiff. A number of issues have been raised relating to vehicles driving over and parking on the footway obstructing pedestrians along this route.

Surveys have been undertaken which have identified there are existing “No Waiting At Any Time” Traffic Regulation Orders around the junctions of Bethel Place and Coed Cochwyn Avenue however it was identified that vehicles ignore these restrictions and park on the footway at these locations. This parking obstructs the footway and forces pedestrians to walk into the carriageway at certain locations along this route. Therefore it is proposed to introduce bollards around the junctions of Llangranog Place, Bethel Place and Coed Cochwyn Avenue to prevent vehicles from parking on the footway.

There will also be the introduction of School Gateway Signage on all approaches to the school to ensure drivers are aware they are approaching a School.

The implementation of this project will improve road safety particularly for pedestrians and forms part of the Safe Routes to Schools initiative.
