Hello

Thank you for inviting me to make representations on the Matters Arising Changes regarding the LDP for Cardiff (your letter of 08/06/2015)

I wish to make the following representations:

MAC 13 - there is no need for any more housing. Renovate existing stock for locals and discourage incomers from settling here instead.

MAC 19 - I oppose any development on greenfield sites. Additionally, brownfield sites should be restored to nature or parkland rather than used for housing or business.

MAC 26 - I oppose any building on any scale on countryside areas.

MAC 32 - Development must never outweigh nature conservation.

MAC 67 - there should be no dredging at all.

KP1 - This level of growth is totally unacceptable. It is much too large. It will destroy the city's character and identity and ruin the natural environment. There should be a target of zero or negative growth.

Thank you

David Layton
