Thank you for consulting The Coal Authority on the above document.

Having reviewed the document, I confirm that we have only a few specific comments to make at this stage.

Support
Representation No.1
MAC 11 - KP11: MINERALS AND CRUSHED ROCK AGGREGATES
The Coal Authority supports the Matters Arising Change in relation to criterion ii.

Representation No.2
MAC 65 - M8: SAFEGUARDING OF COAL RESOURCES
MAC 67 - New Policy M7: SAFEGUARDING OF SAND AND GRAVEL, COAL AND LIMESTONE RESOURCES
The Coal Authority supports these two proposed Matters Arising Changes, the merging of the separate mineral safeguarding policies into a single policy has no material impact upon the principle of mineral safeguarding in the LDP.

Representation No.3
MAC 68 - New Policy M8: AREAS WHERE COAL WORKING WILL NOT BE ACCEPTABLE
The Coal Authority does not object to the principle of this policy and the policy meets the requirements of MTAN2 in its content which renders it worthy for support.

Thank you for your attention.
