

Scrutiny Annual Report 2020/21

Scrutiny ... engaging today ... shaping tomorrow

1

Welcome to Cardiff's Scrutiny Annual Report 2020/21

With a fresh approach to reporting the difference Scrutiny has made this year, we hope that a little reading time will deliver a lot of insight into the work of the Council's Scrutiny function. In a year like no other the five scrutiny committees have been working on behalf of Cardiff citizens, seeking reassurance that frontline Council services defining our pandemic response are delivered effectively and where they are most needed.

This year, like many Council services, Scrutiny has delivered against the odds. Our mission? To adapt and seize the opportunity to add value to the Council's decision-making in challenging times. In reality, the pandemic has impacted heavily on normal scrutiny output. To deliver our role we have conducted scrutiny by holding remote online meetings, enabling all scrutiny members to contribute to key policy decisions. With the organisation in essential services mode for most of the year, our usual task and finish inquiry work has taken a back seat, as frontline services were a priority. We particularly look forward to resuming those inquiries as the organisation adapts to the new world, embracing all it has learned in a time of crisis.

Scrutiny is the challenging voice of the resident, visitor, commuter and employee at the decision making table to ensure full accountability

The pandemic fully upon us, by June 2020 it became clear that temporary scrutiny arrangements should be put in place and the five scrutiny committees were quickly consolidated into a Covid-19 Scrutiny Panel. Membership was restricted to the five scrutiny chairs, whilst maintaining close communication with their respective committees ensured all scrutiny member influence. Such improvements in cross committee working delivered a slick solution until the Council decided that a

full scrutiny service could restart in September 2020, with a restricted remit to focus only on pre-decision and priority matters with reputational or time-critical implications.

Scrutiny is the challenging voice of the resident, visitor, commuter and employee at the decision making table to ensure full accountability. Our work continues whatever the external environment. The next municipal year will bring more challenges, remote working will continue to be important. Within Cardiff Council our critical friend work, expressing your voice to test the delivery of key Council commitments, is very much valued. We hope this report captures how we have done this year. We want to encourage you to add your voice to our work and later in the report we explain how you can get involved.

Scrutiny Chairs - Our Perspective

“One of the things I’m most proud of this year is the Community and Adult Services Scrutiny Committee’s focus on the salient issues impacting Cardiff residents in the current climate. We provide opportunity to bring together a whole range of stakeholders, from those impacted by the issue to those who are directly involved in delivering services.”

Cllr Shaun Jenkins, Chair, Community & Adult Services Scrutiny Committee

“We’ve had to make adjustments during the past year, but everyone has come to the fore and delivered. One of our key issues has been scrutinising the Youth Justice Service following the HMIP Report and Inspectors highlighted our role as a key factor in improvements, which was a really proud moment for me as Chair during this year. My Committee has also been critical in scrutinising decisions made in relation to the return to education for our young people throughout this year.”

Cllr Lee Bridgeman, Chair, Children & Young People Scrutiny Committee

“...this has been an incredibly challenging year but we’ve coped very well, which is testament to how well Members, external stakeholders and the Cabinet have engaged, wanting to be there to help the Council through what is a very, very difficult time. We’ve provided some robust questioning, helping to shape major developments and explored how the Council and partners are working to recover from the impact of the Covid pandemic, in the leisure and music sector and more generally across the economy...”

Cllr Nigel Howells, Chair, Economy & Culture Scrutiny Committee

“All 5 Scrutiny Committees work together to deliver the best for Cardiff, and we are constantly listening to the public and what they want.

One of our biggest achievements during the pandemic was “One Planet Cardiff”. We had a large number of external and internal witnesses taking part, who shared their knowledge on what the future of Cardiff should look like. I was really pleased with the support from everyone who gave evidence.”

Cllr Ramesh Patel, Chair, Environmental Scrutiny Committee

“...a Scrutiny Covid-19 Panel of all chairs was formed and I was asked to chair it. We came together as a team. Previously committees have tended to operate in isolation, but this time we had to work collectively and I think we did that exceptionally well, resulting in certain recommendations that were accepted.

We also have a Performance Panel involving all chairs that looks at the Corporate Plan before it’s finalised and a number of recommendations we made turned into changes to the Corporate Plan.”

Cllr David Walker, Chair, Policy Review & Performance Committee

Our governance role

Cardiff Council's five Scrutiny Committees fulfil a statutory responsibility placed on local authorities by UK and Welsh Governments to review and scrutinise decisions and actions taken by the Cabinet in relation to the delivery of services, to improve the wellbeing of residents. We also have various statutory responsibilities for the scrutiny of important partnerships established under Welsh Government legislation. In short we shine a light on the effectiveness of local partnership working in which the Council plays a leading role.

The Policy Review and Performance Scrutiny Committee has statutory responsibility for scrutiny of Cardiff's Public Services Board. The Community and Adult Services Scrutiny Committee has responsibility for scrutiny of both the Cardiff & Vale Regional Partnership Board and a statutory duty to scrutinise decisions made, or other action taken, on Crime and Disorder matters by engaging with the Community Safety Partnership Board. The Economy and Culture and Environment Scrutiny Committees monitor progress of the City Deal delivery programme, whilst the Children and Young People Scrutiny Committee has a governance role in the Central South Education Consortium, the Valleys Vale and Cardiff Regional Adoption Panel and the Council's Corporate Parenting Advisory Committee.

Each Scrutiny Committee is made up of 9 elected Members. However the Children and Young People Scrutiny Committee additionally has four co-opted members comprising two parent governor representatives, a Roman Catholic representative and a Church-in-Wales representative. Both the Economy and Culture and the Children and Young People Scrutiny Committees offer a seat to a representative of the Cardiff Youth Council, enabling young voices to challenge decision-making.

A year of socially distanced scrutiny

On screen, focussed and representing Cardiff voices. Scrutiny has been working hard to deliver better engagement, better outcomes, and better decision-making in 2020/21. Often underpinned by valuable primary research, here are just some of our achievements this year:

■ Covid-19 Scrutiny Panel - responding quickly to support essential service delivery mode

A challenging backdrop gave birth to the Covid-19 scrutiny panel. The suspension of all scrutiny committees at first lockdown led swiftly to establishing the Covid-19 Scrutiny Panel. The Panel explored how the Council was responding to the pandemic and planning for recovery, as well as testing time-critical decisions, providing appropriate scrutiny until the 5 scrutiny committees recommenced remotely. The Panel:

- Examined work undertaken during the lockdown to tackle homelessness and housing supply, as well as work to ensure the Council's finances were secure.

- Scrutinised proposals to help Cardiff restart after lockdown and recover from the pandemic, as well as work underway to establish a Race Equality Task Force.
- Tested time-critical proposed recommendations for schools in Cardiff, including in Plasdŵr.
- Considered the Council's final report on its finances for 2019/20 and checked proposals for the re-procurement of construction and civils consultancy frameworks.

■ Performance Panel - co-production and independent scrutiny of the Corporate Plan 2021-24.

Cardiff Council has a history of investing in robust internal challenge, and this year has seen stronger links forged between Cabinet & Scrutiny, stepping up the work of the PRAP Performance Panel. In a spirit of open engagement the family of five scrutiny committees, represented by its chairs, joined the Leader and Cabinet Member for Finance, Modernisation and Performance in two important round table discussions centred on the Council's highest strategic document, the Corporate Plan. In December 2020 the Panel reviewed the Council's mid-year performance against Corporate Plan targets and informed early Cabinet conversations around

2021-24 target setting. Then, in February 2021, we reviewed the draft Corporate Plan at its policy development stage, and focussed on the detail of target setting. Such a collaborative approach ensures that the Corporate Plan is subject to co-production as well as independent scrutiny and acknowledges the benefit of progressive interaction between Cabinet policy development and Scrutiny. Importantly, through such informal discussion, Scrutiny is afforded an impact on the Corporate Plan for the benefit of Cardiff citizens, evidenced by the changes made to the Corporate Plan by the Cabinet following these Panel Meetings.

“I'd like to put on record my thanks to the Chairs of the Scrutiny Committees who have served on the Covid-19 Scrutiny Panel”

Cllr Huw Thomas – Council 23 June 2020

“

“Cabinet are grateful to the Chairs of the Scrutiny Committees who have been able to take part in the Covid-19 Scrutiny Panel – it's been essential during this very strange time for running Council business”

Cllr Weaver – Council 23 June 2020

■ Challenging Service Provision

Though socially distanced our challenge of critical frontline Council services has continued.

- The **Environmental Scrutiny Committee** has focussed on the Waste Management service as the Council introduced changes to collection arrangements; the Household Waste Recycling Centre in North Cardiff; and how the service responded to Covid-19. Transportation matters were also a priority, including 20mph Zones and the Waungron Road Transport Hub.
- The **Community & Adult Services Scrutiny Committee** assessed how the council is addressing social isolation and loneliness following the outbreak of Covid-19, monitored the council's commitment to deliver 1,000 new council homes by 2022 and analysed the extent of drug dealing and drug related crime in Cardiff following the outbreak of Covid-19.

- The **Economy & Culture Scrutiny Committee** investigated the approach to playground provision and maintenance, advocating for children with additional needs, adventure playgrounds and highlighting the role of Ward Members in consultation process. For some time the Committee has lobbied for improved provision of park rangers. Our work has resulted in 2 new posts in this year's budget.
- The **Children and Young People Scrutiny Committee** has monitored progress in relation to the Youth Justice Service, following the inspection of the service in 2020, including the implementation of the "All Our Futures" Strategy and Action Plan.
- The **Policy Review & Performance Scrutiny Committee** has closely monitored the 2020/21 budget and sought greater integration with the work of Cabinet initiatives such as the new Race Equality Task Group.

■ Strengthening Decisions

We brought strong voices to the decision-making table across all five scrutiny committees by undertaking policy development and pre-decision scrutiny of significant strategic topics such as the Council's 21st Century Schools Programme and One Planet Cardiff. All committees have extensively

scrutinised the Council's proposed spending plans for 2021/22, especially important as our schools, local economy and care services recover from the pandemic.

■ Testing the Pandemic Recovery

Scrutiny's essential role this year has been providing a check and balance on the Council's immediate response to the pandemic, ensuring that it met the needs of residents, businesses and visitors. Our work continues, monitoring how the Education Service and Schools have responded to the Covid-19 Pandemic, and its plans for Recovery; hearing from

external witnesses about the impact on Leisure, Youth Sports and Music Sectors and exploring the role of the Council and its partners in how best to tackle this; scrutinising Major Projects to test their contribution to green recovery and to tackling inequalities; and engaging with service users to ensure their voice is heard during recovery planning.

Strong voices - your role in our work

Scrutiny is the voice of the people of Cardiff inside the Council. We work to ensure that the Council and its partners are delivering the right policies and services to benefit Cardiff's citizens. We do this by:

- Seeking to understand the views and experiences of customers, service users and carers, using workshops, focus groups and survey results to gather feedback.
- Inviting partners, representatives and external experts to contribute evidence to broaden our understanding and inform our discussions.
- Having an independent, dedicated research service to collect robust stakeholder and/ or document based evidence to inform our work.
- Having co-optees on our Children & Young People Scrutiny Committee, representing parent governors, Catholic Dioceses, Church in Wales and Cardiff Youth Council co-optees on this Committee and the Economy & Culture Scrutiny Committee.
- Questioning the decision makers, managers and experts.
- Ensuring transparency, by webcasting our committee meetings – [click here](#).

Some examples of our work involving stakeholders are:

- » Holding focus groups and face to face interviews with parents of children with learning disabilities who may, or have, undergone a transition from an out of county provision.
- » Stakeholders attending committee to contribute to discussions on Social Isolation and Loneliness, One Planet Cardiff, Youth Justice Service, leisure services and the music sector in Cardiff

As a Cardiff resident, you can:

- Identify issues for scrutiny to look at
- Provide evidence to inform scrutiny – either in writing or in person
- Contribute to consultations, surveys, workshops and/ or focus groups
- Be invited to be a co-opted member of a Scrutiny Committee. In this role, you would work alongside elected Scrutiny Committee Members in supporting the development and review of Council policies.

We ask that you direct your suggestions to our dedicated support team at: scrutinyviewpoints@cardiff.gov.uk

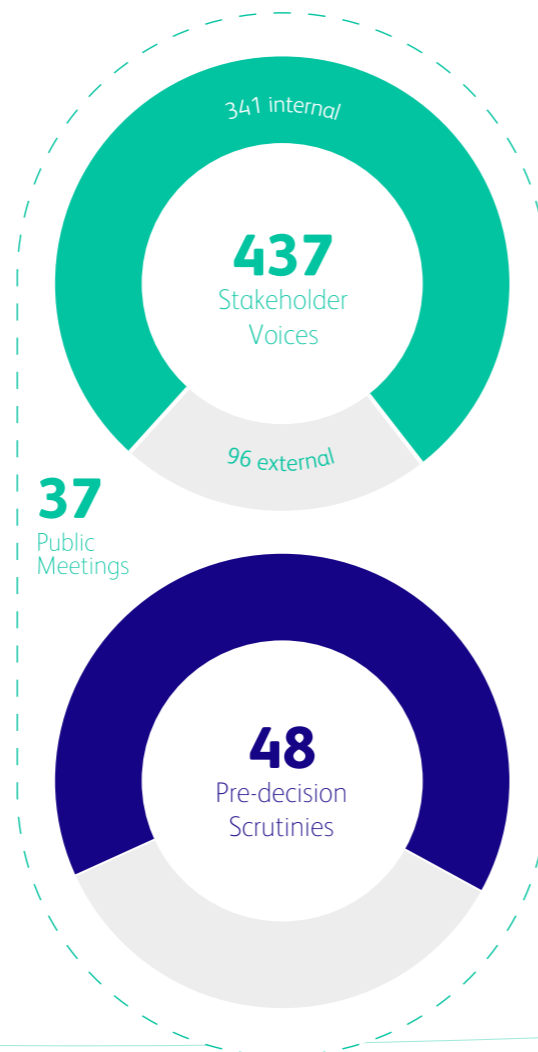

We are currently in the process of updating the Scrutiny Services webpages to make it easier for you to become involved in scrutiny. Please check the Council's website for updates before the end of this year. [click here](#).

Scrutiny in Numbers

There are currently **75 councillors** elected to Cardiff Council to represent the residents of Cardiff. Of those, **45 are nominated to sit on 5 scrutiny committees** and provide critical friend challenge to the Cabinet.

Successful scrutiny means asking questions of the right people, those that have a stake in the decision to be taken or the policy under review. Often referred to as witnesses, stakeholders can be cabinet members, senior managers and council officers. Importantly they often include service users and external organisations or groups with a stake in the issue being discussed. **In 2020/21 of the 437 voices that informed our scrutiny work, 341 were internal to the Council and 96 were external.**

In 2020/21 Cardiff's Cabinet made 74 decisions. Scrutiny committees considered 48 of those, which means **65% of decisions were taken with the benefit of full challenge and accountability.**

Cardiff Council is committed to allowing stakeholders full insight into its decision making. All our scrutiny committees are **publicly broadcast and can be found on the Council's website**, where they are available to view for up to 6 months.

We have done this by continually seeking assurance and information from Council officials in order to assess the plans in place.

Assessing the measures put in place by the Council to address this significant issue. The Leader also confirmed the Council would work with the Cardiff Music Board to address additional points raised by Members.

Councillors Bob Derbyshire; Owen Jones; John Lancaster;
Jacqueline Parry; Thomas Parkhill; Oliver Owen;
Emma Sandrey; Peter Wong.

Our Purpose

- We work to improve the Council's services and policies in the area of environmental sustainability, which includes Waste Management, Planning, Environmental Health and Transportation;
- We monitor the effectiveness of who the Council works with in this area, including how resources are spent;
- We ensure that key Council Policies in this area such as One Planet Cardiff, Clean Air Strategy, Recycling Services Strategy, Green Infrastructure Plan and Local Development Plan are developed and put in place; and
- We make recommendations to the Council's decision-makers to enhance performance and service delivery.

Our Achievements

- One Planet Cardiff – the Committee considered the “One Planet Cardiff” Strategy, which is the Council’s strategic response to the declared Climate Emergency. This in-depth scrutiny investigation included input from a wide range of stakeholder groups and resulted in a number of recommendations including those in relation to Partnership and Governance; Behaviour Change; Covid Resilience; Local Development Plan; Food; Water; Education; Resources; Transport; Future Energy Solutions; Procurement; and Regulation & Policy .
- Waste Management Service – during 2020/21, the Committee undertook a range of scrutiny investigations in this area, including waste collection changes; Household Waste Recycling Centre in North Cardiff; and monitoring the Covid-response in relation to this Service.
- Transportation – during 2020/21, the Committee looked at a number of transportation issues including 20mph Zones; and Waungron Road Transport Hub

“

“The response from Scrutiny regarding 20mph zones in Cardiff is very welcome in that more speed enforcement is required for completeness...we propose to continue our dialogue with the Police/GoSafe and Welsh Government to identify a solution acceptable to all for 20mph speed limits”

Cllr Caro Wild, Cabinet Member Strategic Planning & Transport

“The Environmental Scrutiny Committee’s examination of the (One Planet Cardiff) work, which included very informative input from third party commentators, formed a significant part of our overall public consultation exercise for the strategy.”

Cllr Michael Michael, Cabinet Member Clean Streets, Recycling & Environment

“I know that Cabinet see great merit in the early involvement of Scrutiny in shaping policy and budget commitments. However, there are some practical challenges to consider such as the timing of any budget settlements from the Welsh Government. Steps were taken this year to broaden the Performance Panel to include policy / performance and budgetary issues. Looking forward, this may inform individual scrutiny committees to consider which budgetary issues warrant further early consideration in order to contribute to the revenue and capital budget proposals which will deliver a balanced budget for 2022/23 and beyond.”

Cllr Chris Weaver, Cabinet Member Finance, Modernisation & Performance

Policy Review & Performance Scrutiny Committee

Our Membership

Councillor David Walker (Chair)

Councillors Ali Ahmed, Rodney Berman;
Bernie Bowen-Thompson, Jayne Cowan, Elizabeth Henshaw,
Ashley Lister and Norma Mackie.

Our Purpose

- We assist the Council in creating solid foundations to deliver its services successfully. With the customer in mind we act as a critical friend on the inside, challenging the back office support services on which frontline services depend, seeking assurance that the Council is using its money, property and staff resources to deliver the best services.
- Our aim is to maximise customer experience by scrutinising policies, plans and programmes. We are looking for good performance against the aims and objectives set out in the Council's Corporate Plan.
- We report our findings to the Cabinet by making recommendations we consider would enhance Council performance and the effectiveness of its policies.

Our Achievements

- Following substantial primary research, this year we submitted the findings of our inquiry on Scrutiny Impact to the Cabinet, making recommendations for capturing the value of scrutiny through monitoring its impact. We have developed a practical model that will collect data and evidence of scrutiny activity throughout the year and link with the Council's performance framework. Our model supports the Council in its response to the self-assessment requirements of the new Local Government & Elections (Wales) Act 2021 by introducing service area self-assessment of the implementation of accepted scrutiny recommendations. We hope it will reveal the value of a Scrutiny function that brings critical friend challenge with the customer at its core to the heart of the Council's decision-making.

- We have reviewed the organisation's performance and response to the demands of the pandemic in maintaining frontline services. We are looking for evidence that more agile decision making is maintained and that the Council becomes more innovative as it looks to establish flexibility between home and office working. In support we have commenced a task and finish inquiry into Homeworking and the implications for staff and managers on well-being and productivity.
- The Committee has engaged with the Council's Race Equality Taskforce, affording members a consultative voice on membership, workforce representativeness, and in translating the educational success of BAME communities into employment. It is vital that the Council leads on such topical issues.
- In a year that called for Cabinet and Scrutiny to work together, much has been achieved. The quotes from the Leader and Cabinet are testament to the breadth and value that scrutiny can add.

“

I particularly welcome the Committee's support for the programme of work to establish Cardiff as a Dementia Friendly City.... in response to the Committee's specific request, I have agreed with Democratic Services that Dementia Friendly Training will be added to the Member's Development Programme for the year ahead.”

Cllr Huw Thomas, Council Leader

“I welcome the Committee's positive feedback regarding the Equality & Inclusion Strategy 2020-2024. I can confirm that the recommendation in relation to the production of an Executive Summary of the Strategy is accepted...”

Cllr Weaver, Cabinet Member, Finance, Modernisation & Performance

“I would like to put on record my appreciation for your continued involvement in, and contribution to, the work of the Performance Panel. Similarly, the introduction of the half-year assessment – an evaluative strategic assessment of performance to compliment the statutory year-end review – is a further example of how we have strengthened and improved our collaborative approach to performance management”

Cllr Huw Thomas, Council Leader

“I would like to take the opportunity to thank the Committee for their work in supporting the development of the Corporate Plan and the members who participated in the Performance Panel. I believe that this has strengthened policy development and performance monitoring in the Council and further enhanced the role of scrutiny. I am pleased to note that a number of the proposals made by the Performance Panel, and this Committee, have been included in the Corporate Plan.”

Cllr Huw Thomas, Council Leader

Our ongoing role in Cardiff's recovery and renewal

Scrutiny Committees are responsible for setting their own work programmes each year. We use a variety of recognised approaches to examine the topics we agree for our work programme. Approaches such as task and finish inquiries, monitoring performance, policy development and scrutiny of statutory partnerships, progress briefings and updates populate a typical scrutiny agenda each month. We adopt an approach that's right for the topic in question and within a timescale that will make a difference. We often join with other scrutiny committees where a broader scrutiny perspective would produce a better outcome.

Now is the time we start developing our work programmes and already ideas are forming. See the next page for priorities on our radar so far. This is a good time to get in touch if you have an issue you would like scrutiny to explore.
